## About Sani-Quat

Our Sani-Quat is an all-in-one solution for maintaining a clean and hygienic environment for your kitchen. Our product is a versatile disinfectant, sanitizer, mildew stat, and virucide, designed to effectively eliminate harmful pathogens and bacteria, ensuring that your kitchen stays safe and healthy for all who use it.

What sets Sani-Quat apart is its ability to confidently sanitize direct food contact surfaces without the hassle of rinsing afterward. Imagine being able to quickly and effectively sanitize your countertops, cutting boards, and utensils, knowing that harmful pathogens and bacteria are eliminated. Sani-Quat is also compatible with the 3-compartment sink, seamlessly integrating into your existing cleaning practices. And with a dilution ratio of 1:512 per gallon, it's both cost-effective and efficient.
